PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Anderson Chastain Funeral Services

Funeral services for Anderson H. Chastain, 52, were held at the Canal Point Baptist Church Sunday afternoon with the pastor, Rev. Charles D. Stewart officiating. He was assisted by the pastor of the Canal Point Methodist Church, Rev. Robert Shelley.

Active pallbearers were: J. S. Atkins, Dewey P. Hughes, Thomas Handley, James Lamb, Francis Cross, J. E. Williams, Laith Nall, and Dr. W. T. Gist. Burial was at Port Mayaca Cemetery.

Survivors include the widow, Hazel, Canal Point; three brothers, J. S. Chastain, Pahokee, R. L. (Sam) Chastain, Palm Beach and O. H. Chastain, Thomasville, Ga., and three sisters, Mrs. Thomas Arnold, Winter Garden, Mrs. E. E. Gibson, Thomasville, Ga. and Mrs. J. L. McCord Miami.

The deceased was a Charter member and an ordained deacon in the Canal Point Baptist Church, also a charter member of the Canal Point Lions Club and member of B. P. O. Elks Lodge No. 1638 in Pahokee.

Anderson, son of Thomas Mack and Mamie S. Chastain was born June 26, 1908 on a farm in Grady County, Georgia, one of seven children. He attended schools in Thomasville and was graduated from Thomasville High School where he was active in football and other sports.

He was married to Miss Hazel Pugh, daughter of Mr. and Mrs. A. M. Pugh of Thomasville on January 22, 1929. To this union Mack was born December 5, 1929 and died November, 1938.

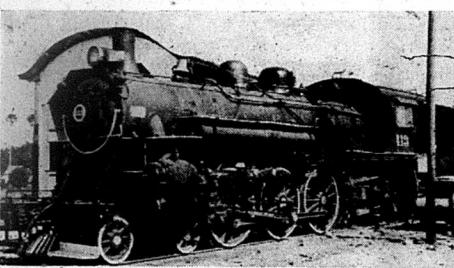

He came to Canal Point on December 28, 1929 where he first engaged in hauling produce and later moved his family here and began farming in a small way increasing his operations as the years passed. In the late thirties and early forties he joined with his brothers in the purchase, development and operation of a large tract of virgin land at Sand Cut, four miles north of Canal Point. In this undertaking he continued faithfully and successfully until he was struck in February 1960.

He loved farming and was active daily in the direction and supervision of his farming interests, possessing at all times the knowledge and judgment required to make his efforts successful in this field. He had great faith in the future of this country and especially the potential of the mucklands.

He was especially skilled in handling of labor, holding their confidence and respect, and rarely did his operations suffer from lack of help. His honesty and kindly disposition made him many friends and accounted for his human and public relations.

Out of town relatives who attended the funeral were: Oscar Chastain, Mr. and Mrs. E. E. Gibson, Mr. and Mrs. Jeff Golden, Jr., James Lamb of Thomasville, Ga.; Mrs. Guy VanLandingham and Mr. and Mrs. Altom Hall of Cairo, Ga.; Mr. and Mrs. Clyde Griffies and son, Marc, of Calhoun, Ga.; W. T. Pugh of Covington, La.; Mrs. Clyde Riley of Monticello, Fla.; Mr. and (continued on page 8)

OLD 113 WILL BE PUT BACK IN SERVICE

Above is shown the old locomotive, No. 113, retired a few short years ago at the Bryant plantation of the U. S. Sugar Corporation when a shiny new diesel electric locomotive was purchased in an economy move. Harry T. Vaughn, president of the Corporation, on an inspection trip a few days ago, announced that No. 113 will be pressed into service when the new mill is opened for operation at Bryant November 1, 1962. When asked why the move to put the faithful old engine back into service, Mr. Vaughn said: "Well, a new diesel would cost around \$100,000."

Canal Point Principal

That is not a fishing pole that Principal W. W. White of Canal Point School is holding. Neither is it a switch to be used on any of the youngsters in the school. The popular school man was in the act of lowering a radio antenna on an automobile when the photographer happened along.

Life Of Georgia Man

To his many friends in the Everglades he is familiarly known as "Batch". Of course, he is at the head of the Life of Georgia Insurance Agency in Pahokee and his group has won about every honor that the home office has to offer for excellent sales in leading all other divisions in the southeastern United States.

Belle Glade Asks Four Laning US441

The county commission this week adopted a resolution to aid neighboring Highlands County in a move for reconstruction of State Road 70 across the state. The commission voted to lend its support to the proposal if it did not mean transfer of primary road funds out of Palm Beach County.

The Highlands County Commission asks the county board to support the move by adopting a resolution to the state road department asking that the project be carried out.

A request from the City of Belle Glade asking county commission support for four-laning State Road 15 (U. S. 441) from Belle Glade to the County Office Building in the Glades, was referred to the state road department for study.

In another action on roads, the (continued on page 8)

BLOOMING AZALEAS

Do you know where azaleas grow in Pahokee? The garden editor of The Everglades News has seen one clump of beautifully blooming azaleas. They are few and far between on the muck. At the home of Mr. and Mrs. Roy Vandegrift of Pahokee, you can see this beautiful blooming flower.

Ladies Night Plan For Rotary Wives

President Hank Aldridge and his working committees have perfected plans for Ladies Night which is held annually by the Pahokee Rotary Club. He announces that the annual affair will be held tonight (Friday) at the Elks social club room.

As usual an interesting program has been arranged and the visiting ladies not only will be served a sumptuous meal but will receive the usual souvenir of the occasion.

New Roads Are Needed To Aid Sugar Boom

John Stanton Smith Arrives In Georgia

John Stanton Smith put in his appearance in Tifton, Ga., on Monday, Feb. 27, and will be a regular boarder at the home of Mr. and Mrs. Sidney Smith. Mrs. Smith is the daughter of Mr. and Mrs. J. Stanton Chastain of Pahokee and will be remembered by her many friends as Miss Dorothy Chastain. The new father is a brother of R. T. Smith of Canal Point. The young man's weight was not reported to the baby editor of this newspaper but we're guessing that in the eyes of his Pahokee grandfather he is a dandy young man.

New Concrete Plant Ready Trial Run

Construction is almost complete on the new Redi-mix plant for Shirley Brothers at their Pahokee concrete plant. The new plant is being erected in anticipation of added business which is sure to come with the sugar boom in the Canal Point area.

Workmen have been busy for the past three weeks building the new and modern Redi-Mix plant and the management said that a trial run would probably be made this week.

In announcing construction of the plant a few weeks ago Shirley Brothers had the following to say:

Shirley Brothers own and operate a modern Redi-Mix plant in Chosen on State Road 715, and the decision to expand their facilities in this immediate area came after a full and complete study of potential demands for their products. The Shirley concern, through the years of its operation, has gained a wide circle of friends who have learned that quality and service are among its first attributes.

The new plant will have a capacity of around 400 tons of redi-mix daily and is being built to serve any type of construction job. The new plant should be in operation early in February of this year.

Parking Area Gets Asphalt Topping

The parking area in front of the New Pahokee gym has been black-topped with asphalt. School Board Member T. W. Knight, announced the improvement this week, following the completion of work done by an asphalt concern out of West Palm Beach. High school principal, Brooks Henderson, was responsible for the striping of the parking area and from all appearances has done an excellent job.

School officials are to be congratulated for this wonderful improvement which has been needed for a long, long time. Now automobiles are parked in an orderly manner in front of the Band Building and the gymnasium.

"We're in a jam," County Commissioner Paul Rardin told other members of the board in West Palm Beach Monday when he asked for help in building miles and miles of county roads to meet the oncoming sugar boom in the Glades. Rardin continued: "With three sugar mills planned and two already under construction, roads are an important part of our economy and something must be done at once." The Glades commissioner also told the board that the two huge sugar mills are now in operation in the area.

Secondary road money which comes through expenditures by the State Road department bring road construction costs to an amount that cannot be afforded for farm-to-market roads in the Glades, Rardin told the board. He cited construction of the Muck City road—five miles—which cost in the neighborhood of half million dollars. "We can get by with county roads that cost only between \$10,000 and \$20,000 per mile," the commissioner continued.

Other members of the board concurred in Rardin's statements and instructed the county engineer to make an attempt to find out from the State Road Department in Tallahassee if any relief would be forthcoming in this time of urgency.

County Engineer Stephen R. Middleton related to members details of amendments to a proposed bill which would provide that the 5th, 6th and 7th cents of the gasoline tax be turned over to the counties for use in construction and maintenance of roads and bridges or reduction of bonded indebtedness.

"This way," Middleton explained, "the county could specify the design of the road depending on its use and the availability of local construction materials. For example, in many places we now use shell instead of limestone for roads. Middleton added, "There is plenty of Glades rock in roads already built, and there is less than a five per cent failure record for these roads."

The change in control of the funds from the State Road Dept. to the county could undergo a two-year trial period before the 1963 legislature, Middleton said.

Final Touches On New Parsonage

Workmen are busy this week putting the final touches on the Canal Point Methodist Church Parsonage. The parsonage is located on Third Street and is a modern and up-to-date CBS building. The new parsonage contains three bedrooms and is modern in every particular.

Stucco workers this week are making the final touches under their contractor, Joe Guerry, Jr., of Belle Glade. Upon completion the new parsonage will be a handsome addition to the townsite of Canal Point.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission took steps this week to secure some 30,000 yards of fill for park lands adjacent to the Welcome Station near Jupiter.

Commissioner E. F. Van Kessel won support of the board for a proposal to pay a dredging contractor expenses for laying pipe to county park lands. The contractor already has a spoil area designated but has offered to place the fill on county land for 15¢ a yard.

Commissioner Van Kessel told the board it would be advisable to secure the fill now available if it could be secured at a price less than offered by the contractor. The board agreed to support the proposal if the price was reduced to 10¢ a yard.

In other actions Monday the board:

Rescheduled its first March meeting to March 17 since the board members will be out of town on the regular Monday date of March 13.

Decided to consider at its next meeting, a request from Palm Beach Sanitation Company for an increase in rates for garbage pickups.

Voted to call on the owner of Polo Club Estates Plat 2, to abandon the plat and if this cannot be worked out, to call on the develop-

ers bonding company to complete the work in the area.

Voted to call on Florida's congressional delegation in an attempt to get a release of fire fighting equipment at International Airport now on loan from the Airforce.

Received bids on a number of pieces of road building equipment, trucks and for remodeling a section of the court house to provide for a microfilm room and to remodel a door and install a ramp for wheelchair traffic.

Corbett Area Rules Are Made Public

The J. W. Corbett Wildlife Management Area was officially opened to the public for multiple recreational use, during a formal meeting of the Game and Fresh Water Fish Commission at Tampa, Friday, February 24, according to L. F. Gainey, Regional Manager, Everglades Region.

The multiple recreational use of the J. W. Corbett Area will furnish camping, fishing and general sightseeing to the public.

Through Commission action, the following rules and regulations were adopted for the multiple use program in the J. W. Corbett Wildlife Management Area.

1. No guns, dogs or trapping devices allowed, except during hunting season.

2. No fires allowed except camp fires.

3. Enter and leave the area by the North checking station (S. R. Highway 710).

4. Do not disturb Commission property.

5. Do not dig up or cut trees, plants or vegetation of any kind.

6. Do not molest the game.

7. The use of airboats prohibited.

8. No permanent camp structures permitted.

9. Remember this is your area, treat it as such.

F. K. Jones, Wildlife Biologist on the J. W. Corbett Area warned that this multiple use program was on a trial basis and the conduct of the fishermen and the public, in general, will determine how long the area will remain open.

Jones added that this multiple use program applies only to the J. W. Corbett Area and not to the Indian Trail property, which adjoins the state owned lands to the south.

A THANK YOU NOTE

I wish to take this opportunity to thank every one who contributed so generously of their time and money to make this Heart Fund Drive a success.

Farmers Who Grow Grain Should Call Agriculture Agent

Farmers in Palm Beach County who may be interested in a possible feed grain production adjustment program in 1961 are urged to call at the County Agricultural Stabilization and Conservation office, according to A. R. Harrington, Chairman of the ASC County Committee. The request is made to farmers at this time because farm feed grain and other crop acreage information will be needed for any feed grain program that may be authorized for the coming crop season.

Farmers who supply feed grain and other acreage figures at this time will not be obligated to participate in a feed grain program if one becomes available but will be eligible to participate. However Mr. Harrington points out that a program can be quickly put into operation if the necessary farm

acreage information is on file at the county office. He asks farmers' cooperation in providing information that will be needed before a program can be put in effect.

Interested farmers are asked to bring to the county ASC office their records of the acreage of cropland used for field corn, grain sorghums, oats, barley, and other crops for the 2 crop years 1959 and 1960. The report should be on the basis of the acreage planted and the use made of the crop produced. Accurate information must be obtained immediately for possible establishment of farm feed grain base acreages.

Since Palm Beach County is classed as a minor feed grain producing area, only interested farmers are being asked to make reports. In counties classed as major feed grain producing areas, acreage reports are being obtained from all farms.

Mr. and Mrs. F. H. O'Connell were recent visitors in New Smyrna Beach, as guest of their son-in-law and daughter, Mr. and Mrs. Frank Sganga and family.

Local Cattle Win At Orlando Fair

Peggy Bitting, daughter of Mr. and Mrs. Bruce Bitting of Canal Point, received a first-place blue ribbon and grand champion rosette for the Dutch Belted heifer calf which she showed at the State 4-H Dairy Show in Orlando. She is a member of the Canal Point 4-H Club.

Three Canal Point 4-H boys also exhibited cattle at the State Show: Orren Bitting, Dutch Belted heifer calf, second-place blue ribbon and reserve champion rosette; Mike McCall, Ayrshire junior yearling heifer, third-place white ribbon; and Teddy McCall, Ayrshire senior yearling heifer, third-place white ribbon. Teddy was a member of the Palm Beach County 4-H Dairy Cattle Judging Team, which placed ninth in the top ten teams at the Show.

The March meeting of the Sod Busters Garden Club members will be held at Mrs. Barbara Wilder's on Bacon Point Road, Tuesday at 9:30 a.m.

**Here's what the new 3½% interest rate
on U.S. Savings Bonds means to you:**

\$3 = \$4 fourteen months faster than before

**The Bonds you own are better
than ever, too**

The new 3½% rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra ½% from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

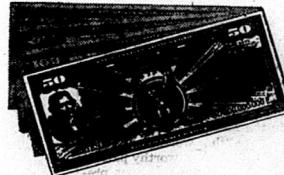

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

**You save more than money
with U.S. Savings Bonds**

PERSONAL NEWS NOTES

Mr. and Mrs. Frank Crawford have as their house guest his mother, Mrs. F. M. Crawford also his brother and sister-in-law, Mrs. and Mrs. Eddie Crawford and baby of Williams, West Va.

Mrs. Harvey Gough left last Friday by plane for Detroit, Michigan to bowl in the tournament with the Mariette Bowling Team in that city.

Mr. and Mrs. John E. Williams and baby daughters, Amy Jo and Jean Beth of Orlando were the weekend guest of his parents Mr. and Mrs. J. E. Williams.

Mrs. Harold Babble and daughter Ruth of Norfolk, Va., are the house guest of her brother-in-law and sister, Mr. and Mrs. Claude Sante.

Mrs. Adaline Stuckey spent last weekend in West Palm Beach as guest of Mrs. R. Weaver, while there she attended services at Oral Roberts Crusade.

Mr. and Mrs. R. G. Whiteside have as their guest his brother-in-law and sister Mr. and Mrs. A. J. Denton of Owingsville, Ky.

Mr. and Mrs. G. T. Shelby of West Palm Beach visited their parents Mr. and Mrs. J. S. Atkins in Pelican Lake over the weekend, and attended the funeral services of Anderson Chastain.

Mrs. J. H. Miller spent several days last week in Miami as guest of her son-in-law and daughter Mr. and Mrs. Lou Lombard and baby Lisa.

Warren Repper accompanied by Vince Repper and Carol Watson attended the car races in Daytona Beach last Sunday.

Mr. and Mrs. J. C. Harris visited Mr. and Mrs. Buford Justice in Jupiter last Sunday.

Mr. and Mrs. F. W. Wilson accompanied by Mrs. W. E. McCall and children spent the weekend in Orlando. While there they were the house guest of Mr. Wilson's sister, Mrs. E. L. Munsell.

Mr. and Mrs. Earl Bracewell had as their weekend guest their daughter, Miss Carley Bracewell of Orlando.

Mrs. W. G. Lowe had as guest last Sunday her son-in-law and daughter, Mr. and Mrs. W. L. Geiger of West Palm Beach.

Wanda Joe and Lynn Lawary of Belle Glade were weekend guest of their uncle and aunt, Mr. and Mrs. Leavy Rodgers.

Mr. and Mrs. R. S. Stokes accompanied by their daughter, Mrs. Ansil Holt attended the funeral services on Saturday of his nephew, Marvin Stokes in Cocoa.

Miss Elinor Brackin of Pahokee and Miss Margie Rawlerson of Okeechobee visited Miss Brackin's parents Mr. and Mrs. Loyd Brackin last weekend in Eagle Lake.

Mrs. George Ramey spent several days this week visiting her son-in-law and daughter, Mr. and Mrs. Hugh G. Miller III, in Rockledge.

Mr. and Mrs. E. O. Winch have as their house guest Mr. and Mrs. Clarence Backus of Star Lake, N.Y.

Mr. and Mrs. C. L. Stuart have as their house guest young Barry Rainier of Pahokee, while his mother is visiting in Gainesville.

Mr. and Mrs. Herbert Hall and family at Clewiston, also John Hall of LaBelle were recent visitors of their father, Washington Hall who is making his home with his son P. E. Hall at Bryant.

Mr. and Mrs. D. L. Hooks had as their weekend guest their son-in-law and daughter, Mr. and Mrs. Bob Harris and sons of West Palm Beach. Also their son, John Howard and a friend John Cuture of Coconuts Grove.

Mrs. Willard Garrett of West Palm Beach spent Friday and Saturday in Pahokee with her parents, Mr. and Mrs. Ray Singletary.

Walter Kautz attended a Farm Bureau Presidents Conference in Gainesville Monday and Tuesday of this week.

Golf Course For Sale On The Keys

KEY COLONY BEACH—Want to buy a golf course?

An 18-hole course, a 500-seat convention hall and a 300-seat restaurant are among the properties offered for sale by developer F. P. Szadowski at Key Colony Beach, Fla., so he can expand operations on new subdivisions. Since the former Detroit businessman began developing the Central Keys area, the population there has increased about 1,000 per cent.

Controlled Diet Class Planned

A Controlled Diet course in a series of four classes will be given in Pahokee and Belle Glade by the Heart Association. The classes will include instruction in controlled calories, controlled fats, low sodium and bland diets.

In Pahokee, Dr. William T. Gist, Dr. R. L. Hatton, and Dr. F. H. Potete will give the opening remarks at each class at the Pahokee High School on March 7, 9, 14, and 16th at 10:00 to 12:00 a.m. Miss Mary Anne Marshbourne, Nutritionist, will be assisted by Mrs. Kay Latham, Home Service Representative of the Florida Power and Light Company, will prepare the foods proposed by the dietitian.

Those interested in enrolling in the Controlled Diet classes at the Pahokee High School call Mrs. Guy Wood WY 6-3637.

Band Will Play At Canal Pt. PTA Meet

The March meeting of the Canal Point Parent Teacher Association will be held Monday night at the usual time and place. Band Master Robert O. Lampi and the Pahokee High School Band will present the program. Trombone quartette will be an outstanding feature, also Miss Sandra Lampi will try out in Student Conducting. The program is made up of nine numbers.

Stars Are Honored By Pahokee Group

Mrs. Angelea Sears and Jessie Bordeaux, junior past matron and junior past patron of the Pahokee Chapter, Order of Eastern Star, were honored at the chapter meeting in the Masonic Hall, with Mrs. Ruth Meredith, worthy matron, and Dewey Hughes, worthy patron, presiding. Mrs. Jessie Barnes presented the special program for the honorees. Mr. and Mrs. J. D. Agner of Chicago, Ill., were visitors.

Methodist Church Gets New Improvements

A new entrance is being constructed at the Pahokee Methodist Church this week. The work is being done by Carlos Orr, contractor. New concrete steps and a new concrete porch with a canopy are part of the construction which will lend to the attractiveness of that building when completed.

Benefit Dinner By Church Of God Folks

A chicken benefit dinner sponsored by the Ladies from the Church Of God on Barfield Highway, will be held in the Pahokee Woman's Club tonight from 5 until 8 p.m. Plates will be \$1.00, for half fried chicken, two vegetables, salad, rolls, tea or coffee, will make deliveries if desired, Phone 7870.

Billy Graham In Florida Crusade

MIAMI—If nothing else happens, the statewide Billy Graham Crusade will have been worth while. This is the consensus of those who have participated in the Crusade that began Jan. 14 in Jacksonville and will move into its second phase March 5 for three weeks evangelistic services in the Miami Beach Convention Hall.

Weekend rallies in eight Florida cities, the first phase of the Crusade, attracted record-breaking audiences. Much has been accomplished.

Statistically, approximately 150,000 persons attended 10 weekend rallies and nearly 4,000 decisions for Christ were recorded. The audiences included thousands of tourists who will carry home the story of the Florida Crusade.

Most important, perhaps, was the effect the rallies had in strengthening the faith of Christians in every corner of the state. What happened in Jacksonville, Orlando, Clearwater, St. Petersburg, Bradenton, Tampa, Tallahassee and Gainesville will no doubt happen in Greater Miami.

ARRIVE FROM ATLANTA

Mrs. A. L. Stephens and daughter, Pam, of Atlanta will arrive in Canal Point this weekend to visit Mrs. Stevens' mother, Mrs. Ollie Adams on Lake Shore Drive. Mrs. Stephens will arrive from Atlanta in a week and the folks will return with him to their home in the Georgia City.

CANAL POINT W.S.C. SOCIETY
The Canal Point Methodist W. S. C. S will have the regular meeting Tuesday 8 p.m. in the Sunday School Building. Mrs. E. F. Holloway will be hostess, and Mrs. Walter Kautz will present the program, "Giving Thanks in Lent."

GRADY TURNS 70

Mrs. H. G. Boynton entertained with a birthday supper at their home Friday 23rd, in honor of her husband (Grady's) 70th birthday. Guest included; Mr. and Mrs. Paul Rardin, also Mr. and Mrs. Ruby Faulk and family of Belle Glade.

Sonny Brown Home Nearing Completion

The new home being erected on the Pahokee Canal Point Road in Pahokee by Mr. and Mrs. Sonny Brown, is nearing completion. Painters are at work this week adding the finishing touches to the handsome exterior of the new structure. Sonny and his father, W. M. Brown, along with Sonny's brother-in-law, Edwin Cowart of Canal Point, have done the majority of the work in constructing the new home.

CITY MANAGER QUIT

City Manager C. B. Talmadge in a surprise move at Tuesday night's city commission meeting submitted his resignation effective March 31 to accept a position as city administrator of College Park, Md., on April 1. The resignation was accepted with regret by the commission. Talmadge has been city manager since Oct. 1, 1958.

New Meat Case At Jack Spencer Market

Ever alert to give his customers the very best, Jack Spencer at Spencer's Market in Pahokee, this week had a new \$2500 meat case installed. It is one of the very latest and modern design and Mr. Spencer assures his patrons that meat coming out of it is properly refrigerated.

Mrs. Rardin Will Return This Week End

Mrs. Paul Rardin, who was called to Orangeburg, S.C., because of a serious heart attack suffered by her brother, Walter O. Strickland, will return to her home in Canal Point this weekend. Mrs. Rardin also visited her mother, Mrs. W. O. Strickland in Glennville, Ga., while away. Her brother's doctors report the young man who is 40, is to be getting along as well as can be expected after a coronary thrombosis. He will be hospitalized for another six weeks.

AT COUSIN'S FUNERAL

Mrs. C. W. Ammons spent Tuesday night in Wauchula with her brother-in-law and sister, Mr. and Mrs. C. T. Hornsby. Wednesday she accompanied them on to Lakeland to visit their mother and to attend the funeral of a cousin, Lake Osborne, held in that city.

Crystal House Is Appropriate Name

MIAMI BEACH — A "glass house" overlooking the Atlantic Ocean is going up on Miami Beach. Approximately named Crystal House, the 13-story, \$5 1/2 million apartment building is scheduled for a November opening. Each of the 162 apartments will feature a glass sweep from ceiling to floor across one entire wall of both living and bedrooms. The front will rise as one tremendous glass wall constructed of aluminum framing and "sun shade" glass.

CALLED TO JACKSONVILLE

Mrs. Adaline Stuckey was called to Jacksonville Sunday to attend the funeral of her brother-in-law Lee McArthur. Mr. McArthur died Saturday and the funeral was held on Monday in that city.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 30% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$3033 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

GEORGE YOUNG, MANAGER

Christian Science Group Of Canal Point

A hopeful message of universal freedom will be delivered in Christian Science churches Sunday in the Lesson-Sermon entitled "Man." Man's rightful heritage of freedom will be brought out in the Scriptural selections which include Paul's advice to the Colossians (3:9-11): "Lie not one to another, seeing that ye have put off the old man with his deeds; and have put on the new man, which is renewed by him that created him; where there is neither Greek nor Jew, circumcision nor uncircumcision, Barbarian, Scythian, bond nor free; but Christ is all, and in all."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read (227:24-26), "Citizens of the world, accept the 'glorious liberty of the children of God,' and be free! This is your divine right."

General Meeting Canal Point WMS

The February General meeting of the Canal Point Baptist WMS was held at the Church Feb. 27 at 8 p. m.

Mrs. W. S. Evans, Chairman of the Ione Patterson Circle, presented the program: "Witness where we are" Mrs. D. P. Hughes, General Prayer Chairman, opened the meeting with prayer, and Mrs. Evans gave the call to worship. Mrs. Evans also presented the devotional al, assisted by four other members.

The theme for the quarter is Christian Witnessing, and the program was presented as the leader introduced our American Witness Yesterday, Today and Tomorrow, with the following members taking part: Mrs. J. L. McCall, Witnessing in Florida, Mrs. Jake Williams, Witnessing in Alabama, Mrs. Grace Strayer, Witnessing in Illinois, and Michigan, Mrs. C. B. Jones, Witnessing in Texas, and then in closing the program, Mrs. Evans presented Love Constraints to Witnessing.

Mrs. C. D. Stewart, President, presided over the business session, with reports being given by different committees. Mrs. D. P. Hughes gave the following dates for the Week of Prayer Home Missions: March 6 through March 10, Monday, March 6 at 3 p. m. Tuesday, March 7 at 9:30 a. m. Wednesday, March 8 at 7:30 p. m. Thursday, March 9 at 9:30 a. m. and Friday, March 10 at 7:30 p. m.

As a special feature during the week of prayer, Mrs. Richard Heller, President of the Association WMU will teach the mission study book, "The Dreamer Cometh" at the church Thursday night, March 9 at 7 p. m. There will be a social hour during the book study and all members of the WMS are urged to attend. All meetings for the week of prayer will be at the church.

"Coolest" House Built In Hialeah

HIALEAH—One of the "coolest" ideas for home construction would be utilization of the tremendous vapor locking qualities of aluminum "reflectors" used in construction of commercial cold storage plants, says Albert Goodstein, president of Aluminum Insulating Company.

The patented process features several aluminum "vapor barriers", made of aluminum sheeting sandwiched between outside and inside walls, sealing out heat and moisture while keeping interiors at desired temperatures.

Heart Fund Drive Called Successful

These workers in Canal Point, Mrs. Elmee Maxson, Chairman; Mrs. W. L. Blackwell, Mrs. James Gibson, Mrs. James Weeks, and Mrs. Gahn, took part in the Heart Fund Drive during the week of February 19 through 26 and collected and turned in to the Heart Association the sum of \$129.44. Anyone wishing to contribute may still do so by contacting Mrs. Elmee Maxson in Canal Point.

Two special events planned by the Belle Glade Workers were: Heart Ball held at the Belle Glade Armory on Feb. 16, chairman, Mrs. E. F. Mixson, cleared \$700.00. Bowling Tournament, chairman, Mrs. Bill Gruber, cleared \$186.00.

This report came from Mrs. Guy Wood, of Belle Glade, secretary of the Heart Association in Palm Beach County.

Billy Graham Visits To Draw 10,000 Folks

CLEWISTON — With the speed of a wind-driven grass fire, enthusiasm for the Billy Graham Everglades Rally to be held here March 13 has raced around the shores of Lake Okeechobee and through the Everglades.

Clergymen and laymen from about 75 churches are giving their full support and their utmost energy to preparing for the rally at Cane Field, Clewiston High School's football stadium, the Rev. L. T. Fagan, general chairman, said today.

Additional seating is being installed at Cane Field to accommodate 10,000 persons, expected to attend the Rally which mushroomed from a proposed meeting between Seminole Indian pastors and Dr. Graham, the evangelist. Mr. Beardsley is recruiting 300 singers for the Rally Choir. Seminole music will be included in the program of the Rally, which will begin promptly at 7:30 Monday evening, March 13, at Cane Field Clewiston.

Lincoln Road Mall Quite A Promenade

MIAMI BEACH—Shoppers along Miami Beach's Lincoln Road Mall are "all at sea" as they view the latest exhibits along the 8-block promenade. Central attraction is a glass tank with baby nurse sharks and reef fish, part of the joint exhibition by the University of Miami Marine Laboratory and the Seaquarium. At one end of the Mall is a giant stuffed mako shark. In display cases are deepsea diving equipment, oceanography displays, and oversized photographs of marine life.

City Finances To Be Studied Mar. 12-15

GAINESVILLE — The annual short course for municipal finance officers and city clerks has been scheduled for March 12-15 at the University of Florida.

This will mark the nineteenth year the course has been conducted by the General Extension Division of Florida in cooperation with the Florida Chapter of the Municipal Finance Officers Association of the United States and Canada. The University of Florida and Florida State University also are participating in the three-day program.

Although primarily designed for municipal administrators, the course will be of interest to state and county officials. Other city officials expected to attend are treasurers, collectors and assessors.

A feature of this year's short course will be concurrent group sessions. These will be informal discussions of specific problems in the fields of work simplification, assessing and collecting city taxes by a county, payroll procedure for small cities, microfilming and indexing, group insurance, pensions and additional fringe benefits.

CALLED TO GEORGIA

Mrs. A. L. (Jack) Pope and Mrs. O. C. Roland were called to Georgia this week because of the serious illness of their mother who is past 90 years of age.

Insurance, Taxes Course March 13-14

GAINESVILLE — Advanced studies in the problems of tax planning and life insurance will be undertaken during the fourth annual life insurance conference on estate planning March 13-14 at the University of Florida.

The conference is conducted each year by the General Extension Division of Florida and the College of Business Administration of the University of Florida. It is sponsored by the Florida Association of Life Underwriters.

About 100 life underwriters, attorneys, accountants and trust officers engaged in estate planning are expected for the two-day meeting. They will hear lectures and discussions on commercial and professional partnerships, stock redemption, use of trusts and life insurance in estate plans, capital gifts and bequests to charity.

Three nationally known authorities in the estate planning field have been named special consultants to the conference. They are Charles B. McCaffrey, lecturer in advanced underwriting in the graduate division of the Wharton School, University of Pennsylvania; William R. Huey, Jr., assistant advanced underwriting consultant for the Provident Mutual Life Insurance Co. of Philadelphia; and Stanton G. Hale, vice president for sales, The Mutual Life Insurance Company of New York.

Cpl. James L. Hall, Jr., of the U.S. Marines, New River Marine Base, Jacksonville, N.C. is the guest of his mother Mrs. Kenneth Hitchcock.

Mr. and Mrs. Ray Singletary had as their guest last week her cousins, Mr. and Mrs. Alton Hall of Cairo, Ga.

Garbage Problem Will Be Studied

A joint meeting by representatives of several county offices to consider the problem of garbage being dumped on road right-of-ways and on private property was voted this week by the county commission.

Commissioner Lake Lytal, who asked for the meeting, "we are going all out and have a war with these people who dump garbage on the right of way."

Scheduled to attend the conference are representatives of the commission, health department, mosquito control division, sheriff's office, county solicitor and the county engineer's office.

Meantime the commission approved the appointment of a special deputy for enforcement of laws prohibiting residents from dumping garbage along road right-of-way.

Miss Florida Will Be Chosen Sarasota

SARASOTA — The Miss Florida Pageant of 1961, now in its sixth year at Sarasota, is taking on bigger and better proportions than ever.

Response to letters of invitation which were mailed from the Miss Florida Pageant office to 1960 sponsors and all Junior Chambers of Commerce in the state, is way ahead of any previous year. Several cities, universities and other organizations which are new to Miss Florida Pageant participation have indicated they will hold local contests preliminary to the Miss Florida and Miss America Pageants.

The pageant will be held in Sarasota's municipal auditorium June 20-24. The winner of the Miss Florida Pageant will again, as in the past, represent the state in the Miss America contest in Atlantic City next fall.

Vegetable Group Fight \$1.25 Wage

An administration-blocked bill to hike minimum wages and reduce overtime pay exemptions now in effect in the food-packing and processing industries drew fire today from the Florida Fruit & Vegetable Association, Orlando.

An Association spokesman labeled the bill "a proposal that will wreak havoc in employment in food-packing and processing establishments and cause unemployment and economic upheavals all the way back to the farm".

Kenneth R. Morefield, FFVA Department Head, who at one time was Florida Supervisor of the Wage-Hour Division of the Labor Department, said that the administration's wage measure will be strongly opposed by agricultural interests who foresee "the certain ruin" to many farmers that would follow.

"There is no question about ultimate effects of this proposal," said Morefield. "The effects would be reflected in higher food costs at the retail level and depressed prices on the farm. The packer and processor caught in the middle between consumer price-resistance and the inability of growers to absorb further cost increases, would have to resort increasingly to erratic operations volume-wise, and might even find it impossible to avoid shut-downs when the over-all inflationary effects of this measure show up at the retail level."

"After all," he stated, "the farmer can't give his production away at a loss, and the consumer isn't going to tolerate ridiculous prices for something so basic as food."

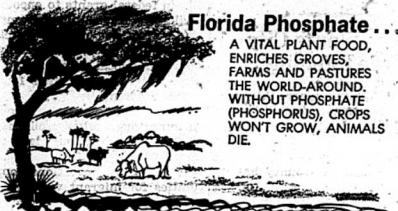

Lt. and Mrs. A. W. Schell and daughter Connie, of Cape Canaveral spent the weekend with her parents, Mr. and Mrs. J. T. Platt of Pahokee.

Stewart Announces Money Available

Additional loan funds have been made available to the Farmers Home Administration for farm housing loans, John S. Stewart, the agency's County Supervisor announced today.

Farm housing loans are made throughout the rural areas of the United States. The loans provide farm families with an opportunity to acquire an adequate home and efficient service buildings.

The major demand on the east coast of Florida is for loans to construct and modernize farm houses, and most of the funds are used for new construction. Improvements financed with the loans include the installation of central heating, pressure water supply system, the addition of bathrooms and the modernization of kitchens. Many local farmers also use the loans to adjust their service buildings to the changing requirements of agriculture.

Applications for farm housing loans may be made at the local office of the Farmers Home Administration, Mr. Stewart said.

The office is located on the second floor of the Civic Auditorium, Lake Worth, Florida. The mailing address is P. O. Box 1231, Lake Worth, Florida.

Boca Raton Folks See Univ. Of S. Fla.

TAMPA — More than 100 persons arrived in Tampa from Boca Raton Feb. 22 to take a look at the University of South Florida and get the story as to the problems involved in starting a university from scratch.

The visitors represented the University Development Committee of the Palm Beach County Resources Development Board. They were greeted by Dr. John S. Allen, president of USF, along with Tampa's Major Julian Lane and representatives of the Hillsborough County School System.

Frank Wright, coordinator-director of the Boca Raton University Development Committee, said the visiting group included more than 20 mayors, the Palm Beach County legislative delegation and other leading citizens.

Following a tour of the campus and lunch in the student cafeteria the group visited Busch Gardens as guests of Anheuser-Busch Co.

Mrs. Leona Rainieri is visiting her son-in-law and daughter, Mr. and Mrs. Dick Haley and babies in Gainesville. The Hales are parents of a three year old son and a baby girl, born Feb. 20.

For Your Comfort

We have recently installed a brand new air conditioning unit to replace the one which has served so faithfully and well. On brisk cool mornings it warms the store just right and on hot sultry days it cools it perfectly.

This is just another of the efforts we make now and then trying to render to our many friends & patrons a better service. Drop by the next time you're down town. You'll enjoy the atmosphere.

Picture of a Promise

*Sure, she's a grand old flag!
That's why we salute her.
That's why we pledge allegiance to her.*

That pledge, in its simplest terms, is another way of saying, "Count me in. You're my country and I love you and need you. Your problems are my problems, and I'm with you all the way."

Your country's biggest single problem is the perpetual responsibility for keeping the peace its people want. You can help with this problem by remembering this:

Peace costs money. Money for military and industrial strength. Money for science and education. And money saved by individuals — by you — to help keep the economy strong. Bonds provide this money.

commission voted to push for an early start on extension of Kirk Road and also agreed to build a bridge on Purdy Lane to serve a new school area by January next year.

The board also voted support for a resolution to the state utilities commission asking that a request from Tamiami Trail Tours to do business in Palm Beach County be given careful consideration. The resolution was adopted without the vote of Commissioner Paul Rardin who said he was abstaining from voting for lack of sufficient information on the subject.

Request for the resolution came to the county board from Greyhound Bus Lines which said it had served the county well for more than 30 years and that the proposed service from Tamiami Trail Tours is not needed.

County Wants City To Have Building

County Commissioners this week are considering possibilities of meeting a request from the City of West Palm Beach for purchase of the former health department building which the county has up for sale.

The building located in West Palm Beach, has been appraised at some \$22,000. The municipality offered the county \$23,000 for the structure if a time payment arrangement can be worked out.

Both Commissioners E. F. Van Kessel and Lake Lytal said they favored an arrangement with the city—even to the extent of sacrificing a sum that might be posted if the building was put up for bids.

The city indicated the building would be used to house an expanding engineering department.

Funds from the sale of the building are earmarked to help pay part of the construction costs of the county's new health building.

Migrant Law Plan Is Introduced

An 11-point legislative program intended to stop present hardship and injustice among migratory workers while laying a firm foundation for long-range action, was introduced in the U. S. Senate Tuesday by Sen. Harrison Williams of New Jersey.

Williams said the bill was primarily designed to help American migrant farm hands, and added that Florida and Texas would be the states most affected by the measure.

The bills would: (1) Establish collective bargaining procedures for farm workers;

(2) Initiate a program intended to stabilize the migrant worker force and increase skills;

(3) Authorize \$3 million annually in federal grants to encourage local and state health programs;

(4) Authorize, on a matching basis, up to \$750,000 annually to states and local communities to provide day-care facilities for migrant children;

(5) Establish a citizens' council on migratory worker problems;

(6) Establish a four-stage minimum wage;

(7) Improve educational opportunities for migrant workers;

(8) Improve educational opportunities for their children;

(9) Require registration of agricultural labor contractors;

(10) Prohibit agricultural child labor; and

(11) Provide insured and direct loans to farmers for construction of migratory worker housing.

Registrar Asking \$27,000 Equipment

The county commission indicated this week that it will go along with County Registrar Dan Gorham for the purchase of an addressograph system for handling voter registrations.

The modern system, Gorham told the commission, will cost about \$27,000 and will save about \$20,000 in its first year of operation.

The commission said it would consider Gorham's request during the mid-summer budget sessions.

The registrar told the commission that he would make the voters lists available upon request at far less cost than is now charged for taking the list off the books by hand.

Gorham also asked the commission to hold an early conference for the purpose of working out any changes needed in present voting precinct boundaries.

500 More Phones In Belle Glade Area

One way to measure the growth of Belle Glade and surrounding communities is by comparing the number of telephone directors being delivered this week with the number distributed last year at the same time.

Some 5,500 new directories are going to home and businesses. Southern Bell's Group Manager, Bob Lee, says this compares with about 5,000 delivered in March, 1960.

The new telephone directory has many new and changed listings. It is easily distinguished from the old green covered telephone book by its new and modern design.

The classified section — Yellow Pages — contains listings for business telephone subscribers under alphabetical headings by their businesses or professions.

Mr. Lee asks that the old directories be discarded . . . and the new one referred to when looking up telephone numbers. You should call "information" only when the number you want is not in the new directory.

Belle Glade Rotary Club 25 Years Old

Pahokee Rotarians journeyed to Belle Glade last Friday to participate in the Belle Glade Club's 25th anniversary program.

The Pahokee Rotary Club was sponsor of the Belle Glade Rotary Club when the latter was organized and received its charter 25 years ago.

Seaman Boyd Vorhees is visiting his parents, Mr. and Mrs. Boyd Vorhees. Boyd Jr. is on a two weeks leave from his ship in San Juan Puerto Rico.

Speckled Perch By The Bucketful

Catching speckled perch by the tubful. Or maybe by the small basketfull. That's the way they've been catching them in Canal Point recently. When lovers of the piscatorial pastime find the Hurricane Gate open, they know that it is time for speckled perch to bite.

Intermittently, since Christmas, speckled perch have provided a splendid pastime for those who enjoy outwitting members of the finny tribe. Here in Canal Point, fishermen have found a true bonanza. It is nothing for an inexperienced fisherman to catch the limit within a couple hours.

Expert fishermen such as Ray Hawk, Little Buck, O. C. Roland and Yankee George catch the limit in a very few minutes.

Horace Scruggs, student at U. of F. spent last weekend with his parents, Mr. and Mrs. A. H. Scruggs.

Blanton & Unwin To Erect Homes

Blanton and Unwin in the late spring, after crops are off the land, will start a subdivision on Bacon Point Road in Pahokee which ultimately will contain 32 houses. The land was purchased recently from Ed Olson.

The city council has approved the plat for the subdivision and the new location will be known as Royal Palm Manor, according to the filed plat.

Recently, the plat for Observation Heights was approved. This is located next to Vettville, south of Greenacres Avenue in the southeast residential area, which is to be started with the development of 12 lots.

The council awarded the annual contracts to furnish gasoline and oil for city owned vehicles to Texaco Company and the Standard Oil Company, as low bidders.
